

When you're vocal about eating local, you're supporting WA farmers, growers, producers...and your community.

Justin Bell, Owner – Jus Burgers

Justin Bell doesn't just make great burgers. He makes great decisions too. And one of his best was to sign up to the Buy West Eat West program. Now his customers know they're enjoying quality Western Australian produce with every burger they bite.

Equally important to Justin, is that being a part of the program is a great way to support local WA producers. "Since incorporating the Buy West Eat Best logo into our restaurant, customers have been congratulating us on supporting the WA food industry," says Justin. As well as Jus Burgers, there are now more than 100 Buy West Eat Best partners – all equally passionate about producing and promoting quality WA food.

So be sure to look out for the Buy West Eat Best logo. You won't only be helping yourself to the taste of our great State, you'll be helping our local food industry too. To find out more, visit us at buywesteatbest.org.au
